

# SERVICE PRO™

Introducing  
the *Improved*  
**Service Pro**  
Spin-on Oil Filter

- Thicker canister for enhanced burst strength
- Thicker base plate for improved structural integrity
- Spiral, double-fluted center tube provides enhanced element durability
- Double-locked seam provides superb sealing properties
- Precision forged threads
- Advanced performance:
  - Efficiency = engine protection
  - Capacity = filter life
  - Resistance to flow = sure lubrication
- 100% leak tested
- Manufactured according to ISO/TS16949 Quality Standards
